

Social Enterprises

Two social enterprises run within A.C.E; a community café & catering kitchen and a Craft Shop.

Add that special touch to special occasions...

Café & Catering: Our Kitchen team undertake training and receive qualifications to enable them to run Bust-a-Gut Café & ACE Catering. The café is open daily from 12pm until 4pm (private functions permitting) serving a variety of home-made meals and snacks. We can also deliver a range of tempting cold filled rolls & sandwiches, fresh smoothies and home baking to your office or place of work. No need to waste time and energy heading out to the shops, we bring your lunch to you.

Organising an event or function? Try our outside catering service and you'll discover a level of quality and value for money that's hard to beat. Whether you're looking for a sandwich lunch for a small meeting or an elaborate buffet for that special occasion, A.C.E Catering has a selection of menus, we are experienced in catering for 100 plus people, but customers with small orders are looked after just as carefully and the catering team are happy to advise on what would suit your requirements.

Craft Shop: Selkie Crafts produce high quality, hand made items at prices which won't dent your wallet.

Looking for something different?... Personalised items and large quantities are available to order and there is also a range of gifts on sale in the A.C.E building.

Contact 01241 434405 for more information or check out our website www.augment.org.uk

Organisational Principles

We recognise the strengths and resourcefulness of all our members, staff and people we work in partnership with.

We recognise the role of communities, other organisations and community involvement in supporting the process of Recovery and maintaining Well-being.

We recognise the effects that stigma, discrimination and inequality can have on individuals. We work inclusively within the organisation and challenge exclusion outside it.

We value people as experts in their own mental health.

We value and promote diversity and equality.

We value working collaboratively with individuals, and groups, to agree goals, actions and solutions.

We value being open and honest about our boundaries and our limitations
